

# WANT TO SAVE \$\$ AND ENERGY?

Call to schedule an appointment for the no-cost  
**Moderate Income Direct Install Program**  
designed specifically for low and moderate income residents.  
We'll install no-cost energy efficient upgrades!

## WHAT TO EXPECT

### 1. APPOINTMENT

Schedule your no-cost in-home energy assessment at a time convenient for you.

### 2. ENERGY ASSESSMENT AND INSTALLATION OF ENERGY EFFICIENT UPGRADES

An energy advisor will provide an overview of the program, conduct an assessment, determine which energy efficiency upgrades you qualify for and install energy efficient upgrades in your home.

### 4. SEE YOUR RESULTS!

Receive a monthly energy report outlining your energy usage and tips on how you can continue to save energy.

## NO-COST UPGRADES INCLUDE:

- Improve existing heating and air conditioner through:
  - Refrigerant charge
  - High efficiency motor
  - Time delay relay
- Install LED bulbs
- Install faucet aerators, low flow showerheads and thermostatic shower valves
- Energy efficient Tier II power strips

## LEARN MORE
